Special Dispatch to the Intelligencer.

SPRINGFIELD, O., August 20.—The visitors' timely hitting and the poor fielding of the home team resulted in the latter's defeat this afternoon. Outside of the third and fourth innings, Wells was invincible. The Stogies opened on Dolan in the second and continued the good work for the remainder of the game. The batting of Donahue, the Springfield boy, and Wells' home run were features. Score:

LYTLE'S GOOD WORK

Has Been a Feature of the Wheeling Team's Campaign Away from Home Last Week—Another Good Pitcher to be Secured.

A feature of the work of the Wheeling team away from home last week was the great improvement in form shown by "Pop" Lytle, who resumed his old position as team manager and right fielder when Mr. Howell sold the team to Lytle and Healy. He has been hitting the pike hard and often and his fielding has improved vastly. There is no doubt that the Lytle of '98 is a valuable man on any team, and the Intelligencer joins with the player's well wishers in this city in the hope that the veteran has braced up for keeps; if he has he ought to be kept on the team, and the knackers will very soon quit working the anvil chorus.

The Intelligencer received a letter from Captain Lytle yesterday, of which the following is an extract: "You will notice by the score that we are getting some new men, and hope they will prove good ones. We simply want to show the people of Wheeling that we are making an effort to build up the club this fall. In Whistler, Leahy and Donahue I think you will agree with me that we have three good men, and I expect to land another first class pitcher before we get home. Our pitchers have been worked too hard, and one of them must have a rest."

"I am sorry that there is such a feeling against me down there, I think I deserve it. I have struck my gait now, and seem to be my old self. I won today's game, and am hitting and fielding as I always did, but if the knackers don't let me to play all right. We are going to do everything possible to build up the club this fall, and show the people what they may expect next spring, when I will not have my hands tied."

Wheeling opens a four-game series with Mansfield on the Island grounds this afternoon, two games being scheduled for Wednesday afternoon. There will be several new faces on the team, notably Whistler, last year of Springfield, who is so well known in Wheeling, that it is not necessary to speak of him at this time. Another new face is that of Catcher Donahue, late of Dayton, known as one of the best backstops in the Inter-state league. He played with Wheeling in the fall of '97, was switched back to Dayton in '98. The Dayton management, knowing Donahue's popularity and high ability, gave him out to the press last week that they had "loaned" Donahue to Wheeling. As a matter of fact, the player's release was purchased by Wheeling, and Dayton hasn't the least claim on his future services. The third new player is Short-stop Leahy, who succeeds Zeigler, Leahy is the former Eastern leaguer, who played this year with the Lancaster in the Atlantic league. He has been playing a fast game for the Stogies in the Springfield series and will become a favorite with the local fans.

Pitcher Miner, late of Lancaster, is expected to join Wheeling to-day. He or another new pitcher is badly needed, for Parvin, Wells and Poole are being badly overworked.

Harvey Pastorius is with the Daytonians. When not pitching he is holding

If Hyomei Had Failed to Cure.

Boston, Oct. 5, 1897.
R. T. BORTH CO.
I have suffered from Asthmatic Cough for twenty-four years and have tried many of the many doctor's prescriptions or advertised remedies which I used. I have almost given up when I began to use "Hyomei," which entirely cured me in four weeks and I am now a well man.

Yours truly,
MRS. WILLIAM B. AVERY.

ing down first base. In Saturday's game he made two hits.

The Wheelings have a long series at home, as follows:

August 21, 22, 23—Mansfield.
August 24—New Castle.
August 25—Washington National league team.

August 26, 27—New Castle.
August 28, 29, 30—Dayton.
September 1, 2, 3—Toledo.
September 6, 7, 8—Fort Wayne.
September 11, 12, 13—Springfield.

After the Springfield series the Wheelings finish up the season on the circuit, playing at Youngstown, September 14, 15, 16, and at New Castle September 18, 19, 20.

The local management yesterday succeeded in inducing Brashear to sign a contract for next season. With the exception of two men, all the players now playing with the Fort Wayne team have signed to play here next year. The two men referred to are Guese and Gillen. If any of the Western or National league clubs want any of the Fort Wayne players they cannot secure them without first paying the Fort Wayne management the drafting price. Fort Wayne will have the best team in the Inter-state league next season. Manager Glascock will start in from the first and will not have to contend with scouring the country for good men, as he had to do this year.—Fort Wayne Journal-Gazette.

The record of the Wheeling team on the late trip was an excellent one. Starting out inauspiciously at Dayton with an overwhelming defeat to the tune of 23 to 4, the Stogies did about as well as could be expected at Fort Wayne, where one out of three games was won, and then, at the week's campaign, they came to Springfield, by winning three straight from the Governors, making the record for the trip four victories and three defeats. Probably the rooting for the old Springfield players on the Wheeling team helped out the boys at Springfield.

Parvin came in from Springfield yesterday morning and is due to pitch this afternoon's game unless Minor reports in form.

Short-stop Zeigler, released last week by Wheeling, has signed with Springfield. He played second for the Governors yesterday.

It's pretty near an even thing Toledo will not be leading when they complete their forthcoming trip through the eastern circuit. Mansfield and New Castle are two tough propositions, and the strengthened Wheelings and Youngtowns are not to be sneezed at.

CHICAGO, August 20.—The Orphans won and lost to-day. The game with Cleveland was a wild exhibition on both sides. Chicago's loose play, together with five hits gave the tall-enders six runs, two to the good in the ninth. Then Schmidt went wild, filling the bases, and Mertie cleared with a hit far over Dowd's head. Cunningham, for Louisville, was a complete puzzle to the locals, allowing but one hit with men on bases. His support was perfect, while Griffith's was ragged, and hit off him were made at the right time. Ryan and Dexter were injured and forced to retire. Attendance, 9,800. Scores:

BRIDGEPORT HAPPENINGS.

Events of a Day in the Town at the End of the Bridge.

A deplorable accident occurred in this city Saturday morning, in which Robert Bolten, of Pittsburgh, an employee of the Central District Telephone Company, was the victim of a horrible death. He together with another workman, were engaged in repairing the wires near the steel bridge, and at the time of the accident Bolten was at the top of one of the telephone poles supporting the street car cable, when he placed his foot upon the guy wire of the street car cable and with the telephone wires in his hand, completed the circuit, thus causing his electrocution in mid-air before the eyes of his partner and passers by. A ladder was secured and he was removed from his position, but it was found that he was extinct and that death had been instantaneous. Bolten had come in contact with the street car supporting wire, but in a moment of forgetfulness it is supposed made the sad step which caused his death. The unfortunate man had been in the employ of the company for nearly two years and was a single man twenty-three years of age. The remains were taken to Hall's undertaking establishment, where they were prepared for burial and afterwards shipped to the home of his parents in Pittsburgh.

ABOUT a month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but with no success. I was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and was convinced that it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about, and is now perfectly healthy.—C. L. Rogers, Stumpdown, Glouster County, W. Va. For sale by druggists.

One Cent a Word

Some men have an idea that it is beneath a man's dignity to trouble himself much about his personal appearance. If anything is said upon the subject they sneer with disdain and say they leave vanity to the women.

A man never made a greater mistake. A man should not only at all times be clean dressed, but also clean and wholesome of body. The man who is so is the man that succeeds. The man who does not care a copper about his dress, whose face is rendered unsightly by pimples, blotches and eruptions, whose complexion is sallow, whose eyes are heavy, whose shoulders are bent and whose carriage is slouchy, does not succeed, either in business or in social life. A man like that should be sent to live for thirty days in a room where all the walls were mirrors. He would get sick of his own unwholesomeness, just as other people do. Such a man should have an honest portrait that did not flatter him always before his eyes. It only costs a trifle for a man to dress well by making his stomach, liver and digestion right. It gives him a hearty appetite and facilitates the assimilation of the life-giving elements of the food. It is the great blood-maker and flesh-builder. It does not build fatty flesh or make corpulent people more corpulent. Honest druggists don't advise substitutes.

"I was tired all the time," writes J. Edward Davis, Esq. (care of Geo. F. Lasher), 147 No. 10th St., Philadelphia, Pa. "In the morning I felt as though I was going to be sick. I was troubled with pimples, boils, dandruff, headache and hollow cheeks. At one time I had twenty-eight boils on my back. I was in bed for a week. I tried everything I could find, but nothing would cure me. Then I commenced to take Dr. Pierce's Golden Medical Discovery. This medicine, together with Dr. Pierce's Kidney and Bladder Cure, cured me. Hello, Ed! What's become of your pimples?"

Bellaire Happenings.

Matters of Interest in the Metropolis of Belmont County

The Democratic primaries here Saturday evening were attended with only moderate interest and the delegation selected is very largely in favor of an uninstructed delegation to the state convention, which being interpreted means that they will be for Kilbourne or McLean, whichever one appears to them to be in the lead. Lentz is regarded as out of the contest, and the real preference of most of the local Democrats is for John R. McLean.

Some of the older members of the party are opposed to him and allege that he killed off Thurman and Pendleton. But the local Democracy is in the saddle at this time. The committee here are: John H. Myers, Frank Day, James Follen, M. G. Lynskey, R. C. Meyer, E. E. Crow and Clem. Driggs. The only interest manifest was over the candidate for governor. There was no talk or thought of county nominees.

Senator Charles M. Hogg, of Cadiz, was in the city yesterday. He was considerably elated over the result of the Kilgore convention for which the senator and Major Cunningham have given a full share of credit. When asked what effect, if any, that convention had upon congressional affairs in that section he said "none at all."

Conventions have no connection whatever with the Kilgore convention. Two counties on entirely different lines with our county solid as to one thing and Carroll divided. Congressional matters are not affected by it."

Charles Wright, accompanied by his brother and sister, came down from Martin's Ferry Saturday evening to secure Mr. Wright's child that had been with its grandparents, John H. Baxter and wife, since the recent death of Mrs. Wright.

There was natural objection to parting with the child, but it was not serious, and the local authorities would not interfere and the whole party left on the street car together, the babe in possession of its father.

The Enterprise Enamel Company, has three furnaces now in full operation and is at work upon the fourth one, and will also erect an additional building. It is expected that the enlargement of the plant is absolutely necessary. This seems to be true also for the novelty plants in that city for both the Novelty and the lately known Stewart plant are enlarging in a way that seems most encouraging to people who watch the growth of industrial plants.

The members of the Knights of Pythias are out soliciting for their novelty fair and circus. It is their intention to have all kinds of mid-way attractions.

Pinkus Freedman returned home yesterday morning from a three weeks' visit at Mt. Clemens, Mich., where he has been for the benefit of his health.
